GOING OUT EVERYWHERE..

**Subject:** Australia Day injustice...Bombastic articles re Barnaby Joyce and others preaching again the white Australia policy..... of the past we thought...still with us it seems....

Still overheard comments.. We still have to tolerate blacks!!!!!!!!!!!!!!!!!!!! Sick....

Australia Day...

How can you possibly not agree to a change of date for Australia Day...The diehards who still pursue it seems, "The white Australia policy" of the dim dark barbaric ages, bleat it as a date to unite Australia. IF WE WERE TO BRING ALL THE BARBARIC ATROCITIES IMPOSED ON THE ABORIGINALS FOR THE FIRST 175 YEARS IN A BOOK .Australia WOULD BE CHARGED AND HUNG FOR GENOCIDE...The Aboriginal family don't want revenge, just way overdue recognition in the Australian constitution and a more respectful date for Australia day to bring us all together... How could this possibly be anything but intelligent and about time if first peoples on this land were residents for 40 000 years before white settlement, suffered invasion, plunder and clearly degradation and slaughter of these people with a degree of barbaric underlying purpose. Aboriginals who fought in wwi and ww2 refused soldier settlement by the hundreds for white soldiers because Aboriginals were not considered Australian citizens then.. Denied recognition in the fractured Australian constitution in white Australia policy times to now 250 years later, though their presence and existence for thousands of years cant be denied. 230 years before a modest "I,M SORRY" BY THE GOVERNMENT BUT STILL SUPRESSED OF CONSTITUTIONAL RIGHTS/RECOGNITION AND COMPLETE DIGNITY.... Waited over 200 years to give Aboriginals the right to vote after taking nearly 200 years to give women the right to vote.. The greatest insult to our Aboriginal brothers and sisters will be to celebrate for all of us Cooks arrival and British imperialistic invasion after 250 years in 2020...in the name of Australia Day..of incumbent slaughter, deceit and imprisonment of

first peoples IN THE NAME OF A PILLAGING BARBARIC BRITISH REALM AT ANY COST. We can find over 100 million dollars in a few moments really to give gay people the right to MARRIAGE party, prop up the Ozzie economy with dogs and cats . TWELVE THOUSAND REFUGEES SPONTANEOUSLY GIVEN RESIDENT STATUS THEN A CERTIFICATE AND SOME WATTLE IN A FEW MOMENTS REALLY TO ALLOW THEM ALL AUSTRALIAN CONSTITUTIONAL RIGHTS AND BENEFITS while our Aboriginal brothers and sisters still treated like refugees in their own country on Australia Day and lack of recognition in our seemingly fractured constitution.....interesting ISNT IT!!

THE DEGREE OF MURDEROUS BARBARIC ATROCITIES TO ABORIGINALS AFTER 1770 WAS ABHORENT TO ALL who have survived since and understand the DEGREE and travesty of justice. All of it in the name now of butchery and much religious genocide.

Give Aboriginals the right after 250 years to the Australian constitution if you are "Ridgy didge, fair dinkum"and keep January 26th as BRITISH invasion day or Cooks visit/plunder day. WE MUST HAVE a more suitable date akin to all people in this country NOW for the real humans of the world not the revivers of white Australia genocide. Our dignity as a caring human race is at stake here. Not a vote for pomposity and segregation of the past.....How hard is it to choose a day for such an event. We come together to give grace to our fallen soldiers. Great sporting events AS AN EXAMPLE that now embrace all cultures with appropriate recorded triumphs and recognition.. Aboriginals are not seeking control of Government that is for Dictators and subversive religions but cultured shared leadership in their own country. For more than 200 years Aboriginals were degraded, suppressed by the great white Australia policy in their own country as a free for all to take everything continued by white leaders. As soon as Aboriginal families started to gain the respect and part of the cake the wingers and takers were up in arms while they continued to bleed the country as they had done since arriving.

We still live in one of the most caring and privileged countries in the world only trampled by lazy, jealous, greedy, racist, bullying, pompous narrow descendants of almost unspeakable barbarism.

Grow up Australia.

Interesting isn't it!!! Science claims they can overcome some ten or so big picture tipping point problems now such as climate change, out of control science and technology, species extinction , overpopulations of humans, dogs and cats, feral creatures, invasive weeds, Damning numbers of hoofed animals as they bulldoze wild habitat lungs of the earth, carbon and methane release, food shortages, water contamination, air and sea pollution plus more and yet it was science and technology that created these pending catastrophes for profit. We need consolidation not impossible annual growth at the cost of all life with the dumbing down of the human race as a by product to implosion.. It is amazing that the Aboriginal family managed the earth, with not take or greed but cooperation, sharing and honour of the earth for 40 000 years with great equilibrium AND THEN WERE DAMNED BY A BARBARIC, INVADING POMPOUS DYNASTY as we are rushed to tipping point by an impatient pseudo clever modern civilization.. Interesting isn't it!!
